

(4) Any restrictions that are developed on the use of the property as a result of the above consultations must be made known to a potential bidder or purchaser through a notice procedure similar to that in §1955.13(a)(2) of this subpart.

(d) *Highly erodible farmland.* (1) The FSA county official will determine if any inventory property contains highly erodible land as defined by the NRCS and, if so, what specific conservation practices will be made a condition of a sale of the property.

(2) If the county official does not concur in the need for a conservation practice recommended by NRCS, any differences shall be discussed with the recommending NRCS office. Failure to reach an agreement at that level shall require the State Executive Director to make a final decision after consultation with the NRCS State Conservationist.

(3) Whenever NRCS technical assistance is requested in implementing these requirements and NRCS responds that it cannot provide such assistance within a time frame compatible with the proposed sale, the sale arrangements will go forward. The sale will proceed, conditioned on the requirement that a purchaser will immediately contact (NRCS) have a conservation plan developed and comply with this plan. The county official will monitor the borrower's compliance with the recommendations in the conservation plan. If problems occur in obtaining NRCS assistance, the State Executive Director should consult with the NRCS State Conservationist.

(e) *Notification to purchasers of inventory property with reportable underground storage tanks.* If the Agency is selling inventory property containing a storage tank which was reported to the Environmental Protection Agency (EPA) pursuant to the provisions of §1955.57 of subpart B of this part, the potential purchaser will be informed of the reporting requirement and provided a copy of the report filed by the Agency.

(f) *Real property that is unsafe.* If the Agency has in inventory, real property, exclusive of any improvements, that is unsafe, that is it does not meet the definition of "safe" as contained in

§1955.103 of this subpart and which cannot be feasibly made safe, the State Director or State Executive Director will submit the case file, together with documentation of the hazard and a recommended course of action to the National Office, ATTN: appropriate Deputy Administrator, for review and guidance.

(g) *Real property containing hazardous waste contamination.* All inventory property must be inspected for hazardous waste contamination either through the use of a preliminary hazardous waste site survey or Transaction Screen Questionnaire. If possible contamination is noted, a Phase I or II environmental assessment will be completed per the advice of the State Environmental Coordinator.

§ 1955.138 Property subject to redemption rights.

If, under State law, FmHA or its successor agency under Public Law 103-354's interest may be sold subject to redemption rights, the property may be sold provided there is no apparent likelihood of its being redeemed.

(a) A credit sale of a program or suitable property subject to redemption rights may be made to a program applicant when the property meets the standards for the respective loan program. In areas where State law does not provide for full recovery of the cost of repairs during the redemption period, a program sale is generally precluded unless the property already meets program standards.

(b) Each purchaser will sign a statement acknowledging that:

(1) The property is subject to redemption rights according to State law, and

(2) If the property is redeemed, ownership and possession of the property would revert to the previous owner and likely result in loss of any additional investment in the property not recoverable under the State's provisions of redemption.

(c) The signed original statement will be filed in the purchaser's County or District Office case file.

(d) If real estate brokers or auctioneers are engaged to sell the property, the County Supervisor or District

Director will inform them of the redemption rights of the borrower and the conditions under which the property may be sold.

(e) The State Director, with prior approval of OGC, will issue a State supplement incorporating the requirements of this section and providing additional guidance appropriate for the State.

§ 1955.139 Disposition of real property rights and title to real property.

(a) *Easements, rights-of-way, development rights, restrictions or the equivalent thereof.* The State Director is authorized to convey these rights for conservation purposes, roads, utilities, and other purposes as follows:

(1) Except as provided in paragraph (a)(3) of this section, easements or rights-of-way may be conveyed to public bodies or utilities if the conveyance is in the public interest and will not adversely affect the value of the real estate. The consideration must be adequate for the inventory property being released or for a purpose which will enhance the value of the real estate. If there is to be an assessment as a result of the conveyance, relative values must be considered, including any appropriate adjustment to the property's market value, and adequate consideration must be received for any reduction in value.

(2) Except as provided in paragraph (a)(3) of this section easements or rights-of-way may be sold by negotiation for market value to any purchaser for cash without giving public notice if the conveyance would not change the classification from program/suitable to NP or surplus, nor decrease the value by more than the price received.

(3) For FSA properties only, easements, restrictions, development rights or similar legal rights may be granted or sold separately from the underlying fee or sum of all other rights possessed by the Government if such conveyances are for conservation purposes and are transferred to a State, a political subdivision of a State, or a private nonprofit organization. Easements may be granted or sold to a Federal agency for conservation purposes as long as the

requirements of § 1955.139(c)(2) of this subpart are followed. If FSA has an affirmative responsibility such as protecting an endangered species as provided for in paragraph (a)(3)(v) of this section, the requirements in § 1955.139(c) of this subpart do not apply.

(i) Conservation purposes include but are not limited to protecting or conserving the following environmental resources or land uses:

(A) Fish and wildlife habitats of local, regional, State, or Federal importance,

(B) Floodplain and wetland areas as defined in Executive Orders 11988 and 11990,

(C) Highly erodible land as defined by SCS,

(D) Important farmland, prime forest land, or prime rangeland as defined in Departmental Regulation 9500-3, Land Use Policy,

(E) Aquifer recharge areas of local, regional or State importance,

(F) Areas of high water quality or scenic value, and

(G) Historic and cultural properties.

(ii) Development rights may be sold for conservation purposes for their market value directly to a unit of local or State governmental or a private nonprofit organization by negotiation.

(iii) An easement, restriction or the equivalent thereof may be granted or sold for less than market value to a unit of local, State, Federal government or a private nonprofit organization for conservation purposes. If such a conveyance will adversely affect the FmHA or its successor agency under Public Law 103-354 financial interest, the State Director will submit the proposal to the Administrator for approval unless the State Director has been delegated approval authority in writing from the Administrator to approve such transactions based upon demonstrated capability and experience in processing such conveyances. Factors to be addressed in formulating such a request include the intended conservation purpose(s) and the environmental importance of the affected property, the impact to the Government's financial interest, the financial resources of the potential purchaser or grantee and its normal method of acquiring similar
